About me

Hello, I'm Mark, a Software Engineer with 1.5 years of experience in developing dynamic and efficient websites. I specialize in native coding and have a strong command of Frontend technologies like React.js and Next.js, along with Backend technologies such as Node.js and Express.js.

Experience

Software Engineer

Wind's Gate Philippine Software Development Inc.

2023 - Present

- Ensure user satisfaction and retention by providing responsive tech support.
- Build and maintain software documentation sites using various programming languages.
- Increase productivity by using software to organize, track bug patches and add feature requests.
- Collaborate with other developers to update the website and create new features.
- Maintaining and enhancing existing systems

Technologies

Frontend
- NextJs, ReactJs, Typescript, TypeScript

Backend
- ExpressJs, NodeJs, NestJs, gRPC, Spring Boot, Kotlin

Databases
- MySQL, Firebase, MongoDB

API
