WORK EXPERIENCE

SOFTWARE ENGINEER

Wind's Gate Philippine Software Development Inc. – Full Time
2023 - Present

- Ensure user satisfaction and retention by providing responsive tech support.
- Build and maintain software documentation sites using various programming languages.
- Increase productivity by using software to organize, track bug patches and add feature requests.
- Collaborate with other developers to update the website and create new features.
- Maintaining and enhancing existing systems

WEB DEVELOPER

Freelance – Part Time
2022 - 2023

- Designed, developed, and maintained responsive websites using Next.js, Express.js, and Node.
- Focused on creating user-friendly and visually appealing websites tailored to clients' needs.
- Engaged in regular client communication to ensure project milestones and requirements were met on time.

PROJECT

BCC CANTEEN ORDERING SYSTEM

- Developed an online food ordering app using React Native Expo, NativeWind, TanStack React Query, and Firebase.
- Enabled users to easily browse menus, place orders, and reserve food in advance.
- Designed for a smooth and efficient canteen experience tailored to BCC students and staff.

BOARDING HOUSE SECURITY SYSTEM

- Built with React Native Expo, NativeWind, TanStack React Query, and Firebase for a reliable mobile experience.
- Notifies Parents when a student is not present in the boarding house, enhancing safety and monitoring.
- Designed with a user-friendly interface for easy tracking and management by staff and users.

MINIMART INVENTORY SYSTEM
- Implemented a real-time inventory tracking system to reduce stock discrepancies.
- Integrated Firebase for seamless cloud data storage and retrieval.
- Designed a user-friendly dashboard for easy product and sales management.

SCHOOL ATTENDANCE SYSTEM
- Developed an automated student check-in system using QR code scanning.
- Integrated a reporting module to generate attendance summaries for faculty.
- Ensured real-time synchronization of attendance data with Firebase.

ACHIEVEMENT

- JLPT N5 (Japanese Language Proficiency Test) – Certified.
- NCII – (Computer Systems Servicing) – Certified.

EDUCATION

Bachelor of Science in Computer Science
Bohol Island State University
2023
